Technical Toolboxes PowerTools Inc.
To whom it may concern,

This letter confirms that Johanson Group LLP (Johanson) has conducted SOC 2 Type I examination of Client's Technical Toolboxes Platform.

The examination of management's assertion as included in the "Report on Management's Description of Technical Toolboxes and the Suitability of Design of Controls Relevant to the Trust Services Criteria for Security Category as of March 29, 2023" was conducted in accordance with attestation standards established by the AICPA.

The scope of the SOC 2 Type I examination performed by Johanson included the AICPA 2018 Trust Services Criteria (TSP section 100) Common Criteria (Security) as applied to Client's Technical Toolboxes Platform.

As of the date of this letter, all our procedures related to Client's Technical Toolboxes Platform are complete. Based on our examination we have obtained reasonable assurance, in all material respects, that:

- a. The description presents Technical Toolboxes PowerTools Inc.'s Technical Toolboxes (system) that was designed and implemented as of March 29, 2023, in accordance with the description criteria.
- b. The controls stated in the description were suitably designed as of March 29, 2023, to provide reasonable assurance that Technical Toolboxes PowerTools Inc.'s service commitments and system requirements would be achieved based on the applicable trust services criteria if its controls operated effectively as of that date.

As this is a SOC 2 Type I examination, we did not perform any procedures regarding the operating effectiveness of controls stated in the description and, accordingly, do not express an opinion thereon. For additional information we refer you to the entire report which includes our signed opinion.

A handwritten signature in blue ink that reads "Ryan Johanson CPA".
